

AGN. NO. _____

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

AUGUST 10, 2004

Employees leaving the Hall of Administration between the hours of 5:00 p.m. – 6:00 p.m., have experienced difficulty when exiting to Grand Avenue. Cars are unable to get out of the County garage (Lot 18), and as a result, as many as 30 cars have been backed up in the garage. My office has requested through the Executive Office that an individual from either the Department of Transportation or Office of Safety Police be stationed at the exit during these peak hours - as was done prior to the Grand Avenue project being completed. To date, nothing has been done to mitigate this situation.

I, THEREFORE, MOVE that the Board direct the Chief Administrative Officer and the Chief of Public Safety to report back to this Board in one week with a plan to address the traffic problems resulting when employees use the Grand Avenue exit during the peak hours of 5:00 pm – 6:00 pm.
